

# B!OTOP POOL COMBINATIONS WITH PHOSPHATE FILTRATION

The technology developed for the pure water pool can be used in combination with plant filtration

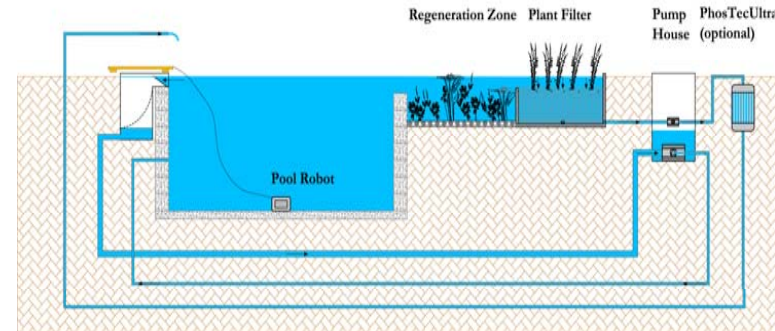

## 1. B!OTOP Pure Water Swimming Pool

- Very high water clarity
- Requires daily robot cleaning
- No wildlife
- Only small space required

## 2. B!OTOP Natural Planted Pool

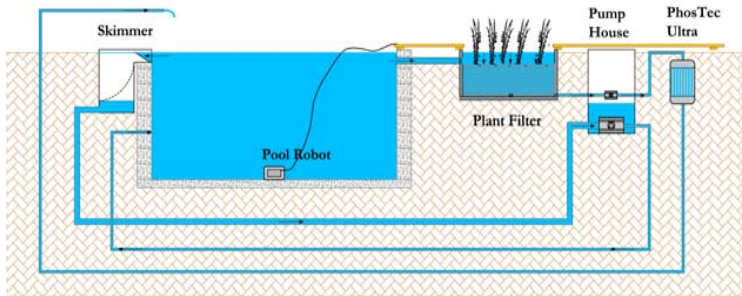

- Cleaner pool
- Some wildlife
- Natural feel
- Self maintaining

# BIOTOP POOL COMBINATIONS WITH PHOSPHATE FILTRATION

The technology developed for the pure water pool can be used in combination with plant filtration

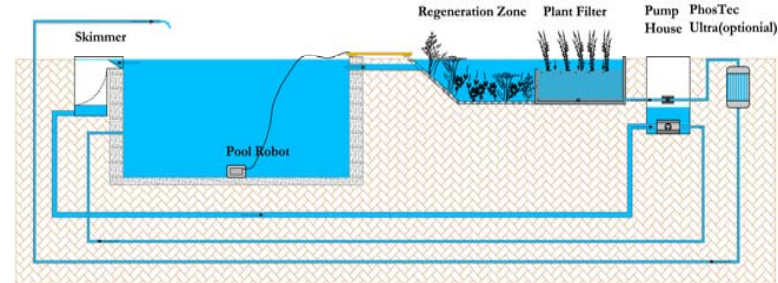

## 3. Separate reed bed filter

- High water clarity
- Plants replace biological filter under deck
- Less sediment in swimming area

## 4. Separate regeneration pool

- High water clarity
- Less sediment in swimming area
- Separates wildlife from swimming area
